Index
Nutrition Today

Volume 5 (1970)

Sp — Spring
Sum — Summer
Atmn — Autumn
Wntr — Winter
ed — editorial

Pertinent illustrative materials—e.g., medical illustrations, charts, and graphs—have been included in the index and are indicated by "illus." following the entry. Major articles are listed in italics. When a subject is covered on several consecutive pages, only the first page is listed.

Teaching Aids. An asterisk indicates a Teaching Aid is available on this subject.

SUBJECT INDEX

– A –

AAN
see Aminoacetonitrile.
ACTH
see Adrenocorticotropin.
APN
see Aminopropionitrile.
ABSORPTION
areas, of small intestine, illus., Atmn, 8.
impairment, in evisceration, Atmn, 7.
ADDITIVES
see Food Additives.
ADOLESCENT
pregnancy
dietary guidelines, Sum, 11.
physiologic and psychologic factors, Sum, 7.
ADRENAL(S)
cortex, secretions in stress, Sp, 4, 11.
effect of stress on, illus., Sp, 3.
ADRENOCORTICOTROPIN (ACTH)
secretion, during periods of stress, Sp, 5.
ALCOHOL
consumption, and the nursing mother, Wntr, 6.
ALDOSTERONE
see Hormones.
AMERICAN MEDICAL ASSOCIATION
Joseph Goldberger Award in Clinical Nutrition, Atmn, 16.
AMERICA'S CUP
Hurrah for home cooking, Wntr, 9.
AMINOACETONITRILE
and STH, producing deformities, Sp, 7.
osteolathyrogenic agent, Sp, 8.
AMINOPROPIONITRILE
osteolathyrogenic agent, Sp, 8.
ANEMIA
iron deficiency, in pregnancy, Sum, 8.
ANTARCTICA
dreams during expeditions, Sp, 30.
Research on nutritional health gets underway in the Antarctic, Sum, 33.
APOLLO XIII
see U.S. Space Program
ARSENIC
prevention of selenium-poisoning symptoms, Wntr, 28.
toxicant in British beer-poisoning epidemic, Wntr, 32.
ASCORBIC ACID
Cigarette smoking and vitamin C, Atmn, 12.
factor in collagen synthesis, Atmn, 12.
loss during stress, Sp, 10.
metabolism, in man, effect of stress on, Sp, 11.
total, methods of determining, errors, Atmn, 13.
The effect of stress on ascorbic acid metabolism in man, Sp, 11.
ATHEROSCLEROSIS
More about sucrose and atherosclerosis, Atmn, 15.

– B –

BEER
poisoning epidemic, Wntr, 32.
BERNAL, J. D.
water structure (bonding of molecules), Sp, 18.
BERNARD, CLAUDE
function of extracellular fluid, Sp, 20.
BIRTH WEIGHT
subnormal, selected causes, Sum, 5.
BLOOD
volume, increase during pregnancy, Sum, 9.
BODY FLUIDS
concentration of water in, Sp, 23.
extracellular, Sp, 20.
fixed osmotic pressure, Sp, 28.
maintenance of osmotic pressure, illus., Sp, 22.
regulation of volume and osmolarity, Sp, 21
vehicle for exchange of nutrients, illus., Sp, 21.
regulation of, by kidney, Sp, 23.
saline solution concentration of, Sp, 28.
* *Water, the indispensable nutrient, Sp, 16.*
BRITISH NUTRITION FOUNDATION
new appointees, Atmn, 16.

– C –

CALORIC EXPENDITURE
during physical activities, book about, Sp, 25.
CALORIC RESTRICTION
during pregnancy, Sum, 10.
CANADA
first North American law on food additives, Sum, 14.
proposed national nutrition survey, Sp, 26.
CARBON DIOXIDE
with water and oxygen in alveoli, illus., Sp, 18.
CARDIAC
necroses, effect of fats on, illus., Sp, 5.
output, during pregnancy, illus., Sum, 6.
CELL(S)
hydrogen ion concentration, Sp, 19.
membranes, comparative permeability, Sp, 19.
pH variation, Sp, 20.
CHEMICALS
in foods, naturally occurring vs. added, Sum, 16.
CHILDREN
effect of stress on nutritional status, Sp, 7.
CHOATE, ROBERT B.
reply to NUTRITION TODAY, on White House Conference on Food, Nutrition and Health, Sp, 14.
CIGARETTE SMOKING
Cigarette smoking and vitamin C, Atmn, 12.
contraindicated during lactation, Wntr, 6.
CLINICAL NUTRITION
awards, 1970 Goldberger Award recipients, Atmn, 16.
COLLAGEN
ascorbic-acid deficiency effect on synthesis, Atmn, 12.
CORTICOIDS
see Hormones.
CORTICOTROPHIN
see Adrenocorticotropin.
CORTISOL, CORTISONE
see Hormones.
"CRAZY CHICK" DISEASE
see Encephalomalacia.

– D –

DDT
in breast milk, Wntr, 7.
role in additive legislation, Sum, 30.
DEATH RATE
as sequel to pregnancy, Sum, 4.
DEEP SEA DIVING
accidents, *The ordeal of Donald Boone, Atmn, 2.*
DELANEY CLAUSE; DELANEY, JAMES J.
see Food Additive Amendment.
DERJAGUIN, BORIS V.
"anomalous water," Sp, 19.
DESOXYCORTICOSTERONE
see Hormones.
DIURETICS
in treatment of edemas, Sp, 28.
DREAMS
significance, in Antarctic expedition, Sp, 30.
DROWNING
cause of death, fresh vs. salt water, illus., Sp, 28.
DRUG(S)
in breast milk, *Contamination of the ideal food, illus., Wntr, 2.*
DUDRICK, STANLEY J.
recipient, 1970 Joseph Goldberger Award, Atmn, 16.

– E –

ELECTROLYTE SOLUTIONS
oral, to replace body fluids and electrolytes, Sp, 23; Wntr, 13.
ENCEPHALOMALACIA
in chicks, selenium as preventive agent, Wntr, 30.
EVISCERATION
absorption impairment, Atmn, 7.
anatomical damage, illus., Atmn, 6, 7, 8, 9.
biochemical findings, Atmn, 9.
dietary adjustments, Atmn, 8.
dietary pattern established, Atmn, 8.
nutritional complications, Atmn, 6.
The ordeal of Donald Boone, Atmn, 2.

– B –

BEER
poisoning epidemic, Wntr, 32.
BERNAL, J. D.
water structure (bonding of molecules), Sp, 18.
BERNARD, CLAUDE
function of extracellular fluid, Sp, 20.
BIRTH WEIGHT
subnormal, selected causes, Sum, 5.
BLOOD
volume, increase during pregnancy, Sum, 9.
BODY FLUIDS
concentration of water in, Sp, 23.
extracellular, Sp, 20.
fixed osmotic pressure, Sp, 28.
maintenance of osmotic pressure, illus., Sp, 22.
regulation of volume and osmolarity, Sp, 21
vehicle for exchange of nutrients, illus., Sp, 21.
regulation of, by kidney, Sp, 23.
saline solution concentration of, Sp, 28.
* *Water, the indispensable nutrient, Sp, 16.*
BRITISH NUTRITION FOUNDATION
new appointees, Atmn, 16.

– C –

CALORIC EXPENDITURE
during physical activities, book about, Sp, 25.
CALORIC RESTRICTION
during pregnancy, Sum, 10.
CANADA
first North American law on food additives, Sum, 14.
proposed national nutrition survey, Sp, 26.
CARBON DIOXIDE
with water and oxygen in alveoli, illus., Sp, 18.
CARDIAC
necroses, effect of fats on, illus., Sp, 5.
output, during pregnancy, illus., Sum, 6.
CELL(S)
hydrogen ion concentration, Sp, 19.
membranes, comparative permeability, Sp, 19.
pH variation, Sp, 20.
CHEMICALS
in foods, naturally occurring vs. added, Sum, 16.
CHILDREN
effect of stress on nutritional status, Sp, 7.
CHOATE, ROBERT B.
reply to NUTRITION TODAY, on White House Conference on Food, Nutrition and Health, Sp, 14.
CIGARETTE SMOKING
Cigarette smoking and vitamin C, Atmn, 12.
contraindicated during lactation, Wntr, 6.
CLINICAL NUTRITION
awards, 1970 Goldberger Award recipients, Atmn, 16.
COLLAGEN
ascorbic-acid deficiency effect on synthesis, Atmn, 12.
CORTICOIDS
see Hormones.
CORTICOTROPHIN
see Adrenocorticotropin.
CORTISOL, CORTISONE
see Hormones.
"CRAZY CHICK" DISEASE
see Encephalomalacia.

– D –

DDT
in breast milk, Wntr, 7.
role in additive legislation, Sum, 30.
DEATH RATE
as sequel to pregnancy, Sum, 4.
DEEP SEA DIVING
accidents, *The ordeal of Donald Boone, Atmn, 2.*
DELANEY CLAUSE; DELANEY, JAMES J.
see Food Additive Amendment.
DERJAGUIN, BORIS V.
"anomalous water," Sp, 19.
DESOXYCORTICOSTERONE
see Hormones.
DIURETICS
in treatment of edemas, Sp, 28.
DREAMS
significance, in Antarctic expedition, Sp, 30.
DROWNING
cause of death, fresh vs. salt water, illus., Sp, 28.
DRUG(S)
in breast milk, *Contamination of the ideal food, illus., Wntr, 2.*
DUDRICK, STANLEY J.
recipient, 1970 Joseph Goldberger Award, Atmn, 16.

– E –

ELECTROLYTE SOLUTIONS
oral, to replace body fluids and electrolytes, Sp, 23; Wntr, 13.
ENCEPHALOMALACIA
in chicks, selenium as preventive agent, Wntr, 30.
EVISCERATION
absorption impairment, Atmn, 7.
anatomical damage, illus., Atmn, 6, 7, 8, 9.
biochemical findings, Atmn, 9.
dietary adjustments, Atmn, 8.
dietary pattern established, Atmn, 8.
nutritional complications, Atmn, 6.
The ordeal of Donald Boone, Atmn, 2.

patient progress and rehabilitation, Atmn, 6.
surgical procedure, Atmn, 5.
EXUDATIVE DIATHESIS
in poultry, selenium as preventative, Wntr, 29, 30.

– F –

"FACTOR 3"
and vitamin E, Wntr, 30.
deficiency, in animals, Wntr, 30.
isolation and identification, Wntr, 31.
selenium, high relative biopotency, Wntr, 31.
FATS
effect on cardiac necroses, illus., Sp, 5, 6.
FETAL GROWTH
effect of dietary restriction, Sum, 7.
of nine species, illus., Sum, 10.
FLAVORING AGENTS
in foods, natural products, Sum, 15.
FOLIC ACID
deficiency, in pregnancy, Sum, 9.
FOOD ADDITIVE(S)
chemicals, naturally occurring vs. added, Sum, 16.
codification, Food Chemicals Codex, Sum, 16.
direct and indirect, Sum, 15.
first North American law on, Sum, 14.
Food Additive Amendment (1958)
Delaney Clause, Sum, 15.
GRAS list, Sum, 16.
Mr. Delaney passes a law, Sum, 29.
in U.S. and Canada, Sum, 15.
lack of evidence of damaging effects, Sum, 29.
natural products as flavoring agents, Sum, 15.
naturally occurring substances used, Sum, 15.
Protecting our internal environment, Sum, 14.
testing of, on laboratory animals, Sum, 15.
tolerance levels, in man, Sum, 16.
FOOD AND AGRICULTURE ORGANIZATION (FAO)
sponsor of food-additive data review, Sum, 16.
FOOD ASSISTANCE PROGRAMS
see U. S. food assistance programs.
FOOD CHEMICALS CODEX
see National Academy of Sciences.
FOOD INDUSTRY
"nutrition awareness" and national concern, Wntr, 17.
private, profit-giving areas, illus., Sp, 14.
FOOD SUPPLY
contamination of, Sum, 14.
safety of, in U.S., ed, Sum, 12.

– G –

G.A.S.
see General Adaptation Syndrome.
GRAS List
see Food Additive Amendment.
GASTRIC MUCOSA
effect of stress on, illus., Sp, 3.
GENERAL ADAPTATION SYNDROME
stressor response, mechanism, description, Sp, 4.
GOLDBERGER AWARD
1970 recipients, Atmn, 16.
GOURMET SCIENTIST
Society of the medical friends of wine, Sum, 22.
GRANT, JAMES D.
Deputy Commissioner of Food and Drug Administration, Wntr, 17, 20.

– H –

HALSTED, JAMES A.
nutrition researcher at Pahlavi University, Atmn, 32.
HANDICAPPED
see Physical Rehabilitation.
HEDAYAT, H.
preliminary findings on lysine feeding, Atmn, 33.
HEMOGLOBIN
concentration in pregnant woman, Sum, 9.
molecule, dependency on nutrients, Sum, 8.
HEPNER, RAY
environmental stress and nutritional status, Sp, 7.
HOLLINGSWORTH, DOROTHY
British Nutrition Foundation, Atmn, 16.
HORMONES
estrogen, effect on lactation, Wntr, 4.
in experimental cardiac necroses, Sp, 6.
secretions during stress, Sp, 5.
HUNGER
proposed topic, White House Conference on Food, Nutrition and Health, Sp, 14.
HYALINOSIS
and mineralocorticoid hypertension, illus., Sp, 4.

– I –

INFANT(S)
in U.S., live births, birth weights, mortality rates, influenced by maternal nutrition, Sum, 7.
INTERNATIONAL NUTRITION
Nowhere is too far, Atmn, 32.
INTESTINAL TRACT
see Evisceration.
INTESTINE
small, absorption areas, illus., Atmn, 8, 9.
ION(S)
hydrogen, concentration, in water, Sp, 19.
movement of, through intracellular membrane, Sp, 22.
water as solvent for, Sp, 17.
IRAN
see Persia.
IRON
balance and utilization in pregnancy, illus., Sum, 9, 11.

– J –

JOHNSON, OGDEN C.
Director of Division of Nutrition, Food and Drug Administration, Wntr, 20.

– K –

KEEFE, FRANK
food additive legislation, Sum, 29.
KIDNEY(S)
function, regulation of body fluids, Sp, 23.
KWASHIORKOR
and breast milk, Wntr, 2.
treatment, with selenium, clinical, Wntr, 32.

– L –

L-CYSTINE
protection in liver necrosis, Wntr, 30.
LACTATION
Contamination of the ideal food, Wntr, 2.
drugs excreted in milk, Wntr, 8.
effect of oral contraceptives on, Wntr, 7.
lactating breast, illus., Wntr, 3, 4, 6.
LATHYRISM
see Osteolathyrism and Neurolathyrism
effect of stress on malnutrition, Sp, 7.
from seeds of L. odoratus and L. sativus, Sp, 7.
in the laboratory rat, Sp, 8.
LIVER
human, detoxifying agent, Sum, 28.
necrosis, "Factor 3" as preventive ingredient, Wntr, 30.
LUMBERJACKS
meal planning for, *Paul Bunyan's cook, Sp, 24.*
LYMPH NODES
effect of stress on, illus., Sp, 3.
LYNG, RICHARD E.
Assistant Secretary, U.S. Dept. of Agriculture, Wntr, 18.
LYSINE
supplementation, Atmn, 33.

– M –

MALNUTRITION
during pregnancy, cause of low birth weight, Sum, 5.
preferred alternative among the poor, Sp, 14.
* stress as cause and consequence of, *On just being sick, Sp, 2.*
MARIJUANA
smoking, during lactation, Wntr, 7.
MATERNAL NUTRITION
* *A chink in our armor, Sum, 2.*
MEMBRANE(S)
intracellular, ion passage, illus., Sp, 22.
MILK
see Lactation.
MUSCULAR DYSTROPHY
in animals, selenium as preventive agent, Wntr, 30.

– N –

NATIONAL ACADEMY OF SCIENCES
Food Chemicals Codex, Sum, 16.
NATIONAL RESEARCH COUNCIL
Committee on Maternal Nutrition, report, "Maternal Nutrition and the Course of Human Pregnancy," Sum, 2.
NATIONAL SCIENCE FOUNDATION
research vessel, *Hero,* illus., Atmn, 22.
NEUROLATHYRISM
clinical manifestations, Sp, 8.
NEW YORK UNIVERSITY, INSTITUTE OF REHABILITATION MEDICINE
homemaking for the handicapped, *Nutrition in the fourth phase of medical care, Atmn, 24.*
NIGERIA
Univ. of Ibadan, Nutrition Center, illus., Atmn, 32.
NUTRITION
see also specific subjects.
* during pregnancy, *A chink in our armor, Sum, 2.*
interaction with stress, Sp, 2.
problems during long sea voyages, Atmn, 22.
science, public interest, historical and current, ed, Wntr, 14.
sports, see Sports Nutrition.
NUTRITION RESEARCH
Research on nutritional health gets underway in the Antarctic, Sum, 33.
NUTRITION TODAY
a bi-monthly publication, Atmn, 10.
Editorial Advisory Board Meeting, Sp, 33.
Managing Editor's report, Sp, 33.
research role in Operation Deep Freeze, Sum, 33.
Teaching Aids, distribution and use, ed, Sum, 12.
NUTRITIONAL REHABILITATION
The ordeal of Donald Boone, Atmn, 2.
NUTRITIONAL STATUS
effect of climate and isolation, Sum, 33.

– O –

OPERATION DEEP FREEZE
see U.S. Navy.
OSMOTIC PRESSURE
of body fluids, illus., Sp, 22.
OSTEOLATHYRISM
and stress, Sp, 7.
OXYGEN
consumption aboard Apollo XIII, Sum, 27.
with water and carbon dioxide in alveoli, illus., Sp, 18.
requirement, during pregnancy, illus., Sum, 6.

– P –

PERSIA
Nowhere is too far, Atmn, 32.
Pahlavi University Medical School, research, illus., Atmn, 32.
PETERS, R. A.
concentration of hydrogen ions in water, Sp, 19.
PHOSPHATE
biosodium, in experimental cardiac necroses, Sp, 6.
PHYSICAL REHABILITATION
food preparation by the handicapped, *Nutrition in the fourth phase of medical care, Atmn, 24.*
PITUITARY
hormonal secretions during stress, Sp, 4, 5, 11.
POLYMERIZED WATER (Polywater)
molecular structure, illus., Sp, 28.
nature of, Sp, 19.
POULTRY
nutrition, importance of selenium in, Wntr, 30.
POVERTY LEVEL
established, 1970-71, Wntr, 17.
PRASAD, ANANDA
nutrition researcher, Atmn, 32.
PREGNANCY
adolescent
dietary guidelines, Sum, 11.
physiologic and psychologic factors, Sum, 7.
cardiac output during, illus., Sum, 6.
dental changes during, Sum, 5.
depression of stomach function, Sum, 5.
iron, balance, utilization, and deficiency, Sum, 8–9.
malnutrition as cause of low birth weight, Sum, 5.
mortality rates among U.S. women, Sum, 4–5.
* nutrition during, *A chink in our armor, Sum, 2.*

outcome
factors influencing, illus., Sum, 4.
problems affecting research, Sum, 5.
oxygen requirement, illus., Sum, 6.
toxemias of
caloric restrictions, Sum, 10.
influence of dietary protein levels, Sum, 10.
U.S. mortality rates, illus., Sum, 10.
selected physiological adjustments, Sum, 5.
weight gain and distribution, illus., Sum, 6; related to infant birth weight, Sum, 7.
PRICE, JOHN R.
Special Assistant to President of the U.S., Wntr, 19.
PROCHOWNICK, LUDWIG
theory of semistarvation during pregnancy, Sum, 4.
PROTEIN
consumption, and pregnancy toxemias, Sum, 10.
in U.S. diet, Sum, 10.
in the reduction of selenium toxicity, Wntr, 28.

– R –

RASMUSSEN, F.
drugs and breast milk, Wntr, 3.
RHOADS, JONATHAN E.
1970 Joseph Goldberger Award recipient, Atmn, 16.
RONAGHY, H. A.
research on zinc deficiency, Atmn, 32.

– S –

SALT
and water, excessive loss through sweating, Sp, 28.
body, concentration limits, Sp, 18.
dietary, restriction in treatment of edemas, Sp, 28.
restriction, during pregnancy, Sum, 10.
SCHEER, P.
smoking and excretion of ascorbic acid, Atmn, 12.
SCHOOL LUNCH AND CHILD NUTRITION ACTS
new amendments, (H.R. 515), Wntr, 17.
SCURVY
characteristics, Atmn, 12.
experimental, in man, references, Sp, 11.
SEBRELL, W. HENRY
in Antarctic nutrition research, Sum, 33.
SELENIUM
botanical aspects, Wntr, 28.
danger levels estimated in foods, Wntr, 32.
deficiency, resulting disorders (in animals), Wntr, 30.
dietary, in prevention of exudative diathesis in poultry, Wntr, 29, 30.
effective agent in prevention of "Factor 3" deficiency in rats, Wntr, 31.
effect on cells, tissue, and enzyme activity, Wntr 28.
excessive intake, in man, lack of pathological findings, Wntr, 32.
"Factor 3" selenium, high relative biopotency, Wntr, 31.
historical aspects, Wntr, 28.
importance in the nutrition of poultry, Wntr, 30.
in grain and forage crops, illus., Wntr, 30.
ratio between beneficial dose and toxic dose, Wntr, 32.
relationship to diseases ascribed to vitamin-E deficiency, Wntr, 32.
Selenium—the maddening mineral, Wntr, 26.
soil deficiencies, major areas (North America), Wntr, 29.
therapeutic value in kwashiorkor, Wntr, 32.
toxicity, in horses, reported observations (T. C. Madison, 1857), Wntr, 26; acute, "the staggers", Wntr, 27.
SMITH, NATHAN J.
Special Assistant for Nutrition Programs to the Assistant Secretary, H.E.W., Wntr, 17, 19.
SODIUM
and extracellular fluid, Sp, 23.
restriction in pregnancy, Sum, 10.
SOLUTE(S)
transport, and shift of water molecules in body, Sp, 23.
SPORTS NUTRITION
Hurrah for home cooking, Wntr, 9.
"STAGGERS"
see Selenium, toxicity.
STALVEY, RICHARD M.
Antarctic nutrition survey, Sum, 33.
STARE, FREDERICK J.
letter on White House Conference on Food, Nutrition and Health, Sp, 13.
STRAUSS, L. H.
cigarette smoking and ascorbic acid excretion, Atmn, 12.
STRESS
Effect of stress on ascorbic acid metabolism in man, Sp, 11.
effect on osteolathyrism, illus., Sp, 9.
effect on thymus, adrenals, lymph nodes, gastric mucosa, illus., Sp, 3.
environmental, effect on nutritional status, Sp, 7.
nutritional implications, Sp, 6.
physiology of, * *On just being sick, illus., Sp, 2.*
reaction to, by adrenal cortex, Sp, 11.
SUCROSE
More about sucrose and atherosclerosis, Atmn, 15.

– T –

TEACHING AIDS
availability and complete list, Atmn, 20.
distribution and use, ed, Sum, 12.
THIRST
and kidney function, control of osmotic pressure, Sp, 23.
circuit, in man, illus., Sp, 17.
THYMUS
effect of stress on, illus., Sp, 3.

– U –

UNITED STATES
average diet, ratio of proteins to total calories, Sum, 10.
food additives, principles governing, Sum, 15.
food assistance programs: *The government nutrition programs, the men in charge, Wntr, 16.*
UNITED STATES NAVY
Operation Deep Freeze
Research on nutritional health gets underway in the Antarctic, Sum, 33.
UNITED STATES SPACE PROGRAM
astronauts
average caloric consumption, Sum, 27.
weight loss during flight, Sum, 27.
food packaging, emergency use of, Sum, 27.
food supply, Sum, 27.
nutritional support, necessity for back-up system, Sum, 26.
The Apollo XIII accident, Sum, 26.
water supply and in-flight consumption, Sum, 26-27.
UNIVERSITY OF MARYLAND
site of study on environmental stress and nutritional status, Sp, 7.

– V –

VITAMIN C
see Ascorbic Acid.
VITAMIN E
and "Factor 3," Wntr, 30.
deficiency, in chicks, resulting diseases, Wntr, 30.
protective agent in liver necrosis in rats, Wntr, 30.

– W –

WATER
body
evaporation, maintaining body temperature, Sp, 21.
heat of vaporization of, Sp, 17.
loss, in normal physiological activity, Sp, 21.
cellular and intracellular, distinctions, Sp, 18.
changes in properties of, Sp, 18.
extracellular, stable medium for cells, Sp, 20.
hydrogen bonds, effect of temperature on, Sp, 17.
icelike structure, Sp, 19.
in maintenance of osmotic pressure of body fluids, Sp, 22.
in normal adult, weight percentage, Sp, 16.
integrated thirst circuit, illus., Sp, 17.
* *Water: The indispensable nutrient, Sp, 16.*
with oxygen and carbon dioxide in alveoli, illus., Sp, 18.
WEIGHT GAIN
maternal
recommended rate, Sum, 10.
related to infant birth weight, Sum, 7.
WHITE HOUSE CONFERENCE ON FOOD, NUTRITION AND HEALTH
White house conference (cont'd.), Sp, 13.
WHITE MUSCLE DISEASE
congenital and delayed, Wntr, 29.
WINE
The society of the medical friends of wine, Sum, 22.
WORLD HEALTH ORGANIZATION (WHO)
sponsoring food-additives data review, Sum, 16.

– Y –

YARBOROUGH, JOHN E.
project coordinator, Operation Deep Freeze, Sum, 34.
YOUNG, FRANK G.
appointed to British Nutrition Foundation, Atmn, 16.
YOUNGMAN, SAM A.
Staff Medical Officer, Operation Deep Freeze, Sum, 33.

– Z –

ZINC
therapy, experimental, Atmn, 33.

AUTHOR INDEX

Arena, Jay M.
Contamination of the ideal food. Wntr, 2.
Carter, Linwood H.
The ordeal of Donald Boone. Atmn, 2.
Cooley, Alfaretta Clara Johnson
Paul Bunyan's cook. Sp, 24.
Coon, Julius M.
Protecting our internal environment. Sum, 14.
Darby, William J.
Nowhere is too far. Atmn, 32.
Enloe, Cortez F., Jr.
An idea whose time has come. Wntr, 14.
The virtue of speaking softly. Sum, 12.
Goldsmith, Grace A.
The ordeal of Donald Boone. Atmn, 2.
Hanley, Daniel F.
Hurrah for home cooking. Wntr, 9.
Hartshorne, Sidney G.
The iniquity of sack time. Atmn, 22.
Hodges, Robert E.

More about sucrose and atherosclerosis. Atmn, 15.

* Teaching Aid available.

DAMAGED COPIES

Because of a malfunction of a conveyor in the Washington postal system, a number of copies of the Autumn 1970 issue of NUTRITION TODAY were badly damaged but entered the mails nevertheless. If your copy was among those mutilated and you would like a replacement, kindly write to the managing editor.
